DR. BERIN GILFILLAN

Dr. Berin Gilfillan is the founder and CEO of Good Shepherd Ministries, International, and creator of the International School of Ministry (ISOM). For more than three years, he served as the television producer for Reinhard Bonnke, documenting the miracles at Reinhard Bonnke's crusades in Africa. Seeing millions of people making decisions for Christ, without proper discipleship to follow, inspired him to create the ISOM program.

About the ISOM

Who We Are

ISOM functions under a larger ministry organization called Good Shepherd Ministries, International (GSMI). GSMI focuses on world missions and accomplishes its goals largely through church-based and online leadership training. The headquarters is based in Southern California. A team of more than 20 serves schools and distributors all over the world.

Our Mission

ISOM is committed to providing video content from mature five-fold ministry instructors to help pastors equip their people for ministry work, both inside and outside the local church and through individual online study. ISOM translates its material into new languages and licenses its content through many organizations to help multiply its impact all over the world.

Our Vision

ISOM is committed to turning every possible local church in the world into a ministry training center and then into a church-planting center. ISOM aims to make high-quality teaching available and affordable to every person on earth. ISOM strives to put that training into every nation's mother tongues and use the latest technology to maximize its global reach.

WHY CHOOSE US

ISOM is the world's largest video-based Bible school for a good reason. With three degree programs available in many languages, ISOM enables some of the best Christian instruction to be accessed by believers worldwide at a fraction of the cost of traditional Bible training programs. Because of the quality of teaching and the stature of its instructors, ISOM is globally recognized as a leader in biblical instruction.

1

Top Instructors

ISOM has recorded some of the world's best instructors, including Joyce Meyer, Perry Stone, John Bevere, Jack Hayford, Marilyn Hickey, Reinhard Bonnke, T.L. Osborn, Brian Houston, Bill Winston, Gloria Copeland, and more.

2

In Your Language

Our recordings were done bilingually so that people can get training in over 85 languages. We have both single-language and bilingual formats. ISOM can teach more than 80% of the world's population with its languages.

3

Flexibility

ISOM provides tremendous flexibility to individual students, pastors, and church leaders in using ISOM content. Students can start and pause to accommodate any schedule. Make-up and online review are also available.

The Story of ISOM

The International School of Ministry concept began in the late 1980s. At the same time, Dr. Berin Gilfillan worked as the television producer for Evangelist Reinhard Bonnke. While filming documentaries alongside Reinhard, as he ministered to millions of people mostly in Africa, Berin realized that there was a severe lack of training material to nurture and grow these new converts. Reinhard would bring salvation to hundreds of thousands of people in each crusade. Still, a burning question remained, “who was going to help the pastors in the huge work of discipling the great harvest of souls being won to Christ?”

Berin saw the need to create a training equivalent of the Jesus movie. He figured that if this had to be done from scratch, why not use the greatest teachers on earth to do the instruction? He understood that nobody had ALL the answers but that different ministers carried unique anointings, graces, and understandings. He brought these teachers to a church before a live congregation. He asked each one to share a life message or a life series of messages with the global Body of Christ. In these videos, the instructor is teaching directly to the camera and imparting their knowledge to students. They were also asked to pray for their anointing and grace to transfer into the lives of those being taught.

As you experience these teachings, students need to put a demand on the anointings that these ministry vessels carry. We hear stories from around the world about how people are healed and filled with the Holy Spirit through these powerful messages. Each anointing is different, and you can partake in them all. When prayer is taught, an anointing to pray will manifest. When Reinhard Bonnke teaches you evangelism, you will gain a passion for witnessing to others. When the gifts of the Holy Spirit are taught, you will see them activated in your life. This truly is life-transforming content, and God is using it worldwide to mature His Church.

Timeline

1986

Work with CfaN

Berin worked as the Television Producer at Christ for all Nations (CfaN), where he produced 11 documentaries about the ministry work of Reinhard Bonnke, including *A Blood-Washed Africa*, *Something to Shout About*, and *The Malawi Miracle*.

1991

GSMI Founded

During his time at Fuller Theological Seminary, studying under such professors as Dr. C. Peter Wagner, Berin and his wife, Lisa, created Good Shepherd Ministries, International (GSMI). He took his family to the mission field in Nigeria, where they started 140 video Bible schools with over 4,000 students. They also pioneered a preschool that is still in existence to this day.

1995

ISOM begins

GSMI filmed its primary video material, known as the ISOM Core, with over 160 hours of content from teachers such as Joyce Meyer, T.L. Osborn, John Bevere, Jack Hayford, Marilyn Hickey, Reinhard Bonnke, and many more. These productions were filmed before a live church audience at Cottonwood Church in Los Alamitos, California, pastored by Bayless Conley.

2004

WOW begins

Lisa Gilfillan created the Women of the World (WOW), a curriculum designed to equip, edify and encourage women in their strategic positions in the Global Church. The primary video material was filmed at the Rock Church and World Outreach Center in San Bernardino, California, pastored by Jim and Deborah Cobrae.

2005

YouthBytes begins

Berin partnered with Chad Daniel (who worked as Television Producer for Joyce Meyer Ministries) to co-create *YouthBytes*, a Curriculum for Teens, which airs weekly on Daystar Television®. Filmed worldwide, Chad uses the globe as his prop to give modern-day parables that communicate the timeless truth of God's Word.

2010

CDBOKS begins

Berin and Lisa partnered with the famous medical missionary, Dr. Daniel Fountain, to record a Community Development curriculum called CDBOKS (Building Others through Knowledge and Service). Topics include: how to get clean water, developing self-sustaining agriculture, and even how to deliver a child into the world in places where there is no doctor.

2015

Marketplace Module begins

Berin teamed up with Kingdom Congressional International Alliance (KCIA) to record Marketplace Module. A large number of the original recordings were filmed during the annual KCIA conference in Tukwilla, Washington. We then added other marketplace material from 20 nations.

2020

ISOM Online launched

ISOM Online launched, offering an online platform that takes our video bible school program to the next level. Its easy-to-use, cost-effective, and life-changing content is available for anyone looking to get their associate, bachelor's, or master's degrees.

Languages

ISOM is proud to represent the top 27 languages spoken around the world, ranked by the total number of speakers, according to estimates in the 2017 edition of the Ethnologue. ISOM has the most extensive availability of languages listed by the largest percentage of unreached people groups, according to the Joshua Project. Unreached is defined as being where there are few evangelicals and where there are few who identify as Christians. The criteria are under 2% as Evangelicals and under 5% are professing Christians.

Each report should prove that you have read the entire book and wrestled with each topic. There are nine book reports required for a master's degree. Please select nine from the list of 11 listed below.

1. *Rebuilding the Real You* by Jack Hayford
2. *Visionary Leadership* by Stan E. DeKoven

Format: Microsoft Word (.doc or .docx), Google Docs (.doc or .docx), or PDF.

Thesis:

A student may enroll for their master's thesis only when that student has attained candidacy status for the master's degree, having completed all of the components, including the three additional modules and the nine book reports.

A thesis is a written product of the study of a significant problem or specific ministry direction. It clearly identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation. The finished product must evidence originality, critical and independent thinking, appropriate organization and format, and thorough documentation.

Distributing ISOM

SCHOOLS AROUND THE WORLD

There are ISOM schools in more than 150 countries and over 80+ languages. Of the 20,000+ locations where ISOM is being used, close to 60% of these schools are in religiously-persecuted nations. Only about 5% of ISOM schools are in the Western World. ISOM's ease of implementation enables rapid multiplication growth, but that is only a part of the picture. ISOM's proliferation worldwide has been mostly accomplished through strategic alliances with others. Good Shepherd Ministries International (GSMI), ISOM's parent organization, partners with numerous like-hearted ministries/individuals who are passionate about reaching and teaching spiritually-hungry people in distant lands.

LICENSING AND REGIONAL DISTRIBUTION CENTERS

For those who have a missions vision, it is possible to obtain a license allowing the duplication of certain ISOM materials in very specified languages and geographic regions. These licenses are granted at the discretion of the leadership of GSMI, and permission is only renewed each year based on the right relationship, good stewardship, and faithful reporting. The one-time license cost for an already developed language is \$1,900 per language. It usually grants permission to start ISOM schools in one country and one language. The license is for the duplication permission only. It does not include the hard costs of ISOM Video and related materials. This enables an organization to integrate ISOM training into their ministry's vision. As a result, some ministries have started more than 1,000 ISOM schools under a single license.

Those holding valid ISOM licenses are called Regional Centers, and more than 300 of these exist worldwide. GSMI often refers local contacts from other nations to these Regional Centers and is committed to serve and expand these partnerships. Please contact GSMI if your ministry is interested in starting multiple ISOM schools in a certain nation or region.

NOTE: License agreements are available mostly for developing nations and are not typically available for Western countries.

NEW LANGUAGE TRANSLATION

If you have a heart to see ISOM translated into a new language, GSMI would love to partner with you to complete that language. It costs about \$20,000 to \$25,000 to translate a new language. Please be aware that each language requires 160 sessions of voice translation and at least the same amount of written translation for the notes and exams. It is no small task, the level of spiritual warfare is intense, but the victory for the Kingdom is immense.

Depending on the leading of God and the need for a particular language, GSMI may step out in faith with a partnering ministry if at least \$5,000 can be initially raised. Since ISOM was designed to train and equip unreached people groups, new languages are vitally important to the vision of the ministry. A special prayer is often needed when undertaking these key ground-breaking endeavors.

Please contact us if you are interested in helping develop a new language.

MASSIVE MISSIOLOGICAL BARRIERS OVERCOME WITH THE ISOM

1. Language barriers are overcome.
2. Unlimited numbers can be trained simultaneously.
3. The training can take place anywhere in any country.
4. The cost factor is minimal.
5. Political hindrances are removed, as training can easily go underground.
6. No foreigners are needed on-site to conduct the training. Training can be done by the national leaders alone.
7. There is control over the content, doctrine, and spirit of the material being taught.

ACCREDITATION

In the USA, the ISOM does not function as a federally accredited training school and does not award degrees or qualify for Federal Student Loans. The ISOM supplies curriculum materials for churches and other ministries to run their own programs and has articulation agreements with various universities and seminaries who grant degrees. None of these programs are federally recognized, and they are **not intended** to be used for employment advancement. As far as practical Christian ministry training is concerned, few programs on earth will outshine the ISOM. The academic credit obtained through ISOM is not transferrable to most federally accredited institutions. ISOM is accredited through the Transworld Accrediting Commission International (TACI), a federally recognized, non-profit church educational organization whose philosophy is to demonstrate accountability to the public for education obtained in nontraditional evangelical educational institutions.

Starting an ISOM School

The easiest way to start an ISOM school is in your local church. That may seem like a daunting task, but you will be amazed at how easy it is with these helpful tips. Remember, thousands of others have done this successfully, and many have set up schools in just a few weeks.

We have found that the two most essential ingredients of a successful ISOM school are:

- A pastor with a vision to equip the church's members to do ministry and become mature believers in the Body of Christ
- A well-respected and well-liked facilitator with the gift of administration.

STEPS TO STARTING AN ISOM SCHOOL

- If you are the pastor of your church, challenge your members to be trained. Your promotion of the school is essential to its success. Also, appoint a respected facilitator with administrative gifting.
- If you are not the pastor of your church, show and submit all materials to your local pastor for approval and support.
- Upon approval from your local pastor, begin promoting the ISOM to people in your church or to those you know will be interested. Use pulpit announcements, video announcements, brochures, bulletin flyers (available from ISOM), information booths, social media blasts, and even ads in local TV, radio, and newspapers.
- Pray and seek God about your involvement with ISOM. Remember that this is more than a program; it is a discipleship and leadership development process, and consequently must be directed by the Holy Spirit.

GUIDELINES FOR THE FACILITATOR

- Secure a location and time for the classes, as well as all necessary equipment.
- Set a date to begin the school (remember to allow at least two weeks for order processing with ISOM).
- Ask potential students to sign up and pay the student registration costs directly to you. Then you will make one payment to the ISOM Headquarters Office for the Videos, Student Workbooks, and Facilitator's Guide.
- Call ISOM with your school order and payment information (all major credit cards accepted).
- Expect a 1–2 week delivery time after your order has been placed.
- Upon receipt, verify your order by checking that you have received all of the Videos, Student Workbooks, and Facilitator's Guide.

MAKING ISOM YOUR OWN

- Develop your style and schedule for your classes. Dress code and punctual starting times are recommended. Attendance for each class session needs to be recorded.
- Look over the Facilitator's Guide (included with school materials) for further instructions.
- Bathe everything in prayer as you begin your classes, and trust God to accomplish His purposes and plans throughout the lessons.

TRIMESTER COMPLETION

- Call and order the next trimester at least two weeks before the school's start date.
- Track student attendance and grades using the Grade Report Form found in the Facilitator's Guide.
- You can download the Grades spreadsheet online at isom.org/grades
- Report student information to the Registrar grades@isom.org after the Third and Fifth Trimesters.
- Visit isom.org/degree-information/ for those students interested in earning a degree, filling out a degree application, or requesting a transfer of credit.

ORDERING AND RETURNS POLICIES

ORDERING

Please order materials at least two weeks before your class is scheduled to begin. This will give enough time for the order to be produced and shipped in time for your first class. This will also save you money on shipping costs. Orders typically take two to five business days to deliver within the US but can take up to seven days. Rush delivery charges will apply.

RETURNS

Upon our approval, we will accept return items in the new condition within 60 days of purchase. There will be a 10% restocking fee, and return shipping charges are the sender's responsibility. Refunds will be issued to the original form of payment.

ISOM Core

WHAT IS THE ISOM CORE?

The ISOM Core contains the original legacy recordings of the International Curriculum. These teachings are the same for students all over the world. They enable believers an opportunity to complete an associate degree-level program to meet a wide range of goals, from training for a specific church or para-church ministry to personal and spiritual enrichment. The ISOM Core is also designed for ministry and marketplace leaders who are looking for new ways to impact their congregation, community, and calling.

ISOM CORE FEATURES

- 35 courses and 160 sessions on DVD or to stream online. The bilingual version is 147+ hours, and the express version is 72+ hours.
- Detailed workbooks with group discussion and self-study questions

FLEXIBILITY OF ISOM CORE

The ISOM Core offers churches and students a lot of flexibility in how the program is implemented. Classes can be conducted according to a schedule that fits the calendar of each local church. The ISOM Core consists of 35 courses that support a church's educational goals and help students grow in their callings. Individual students studying online can take classes in any order they choose and set their own pace for their studies. Online individual students can visit <https://isomonline.org>

IS the ISOM CORE RIGHT FOR YOU?

The ISOM Core is the first five Trimesters of study and is foundational to all ongoing programs. It is a good fit for any person looking to go deeper with God and be better prepared and able to serve in their church. If you are passionate about ministry studies and are looking for a pathway to our bachelor's and master's programs, this ISOM Core curriculum will be a cornerstone to your spiritual growth. Many people also take the ISOM Core to get a diploma and become more mature in their walk with God.

BILINGUAL vs. EXPRESS

The original ISOM Core recordings were done for the whole world, and up to 16 languages were recorded live. The format used for those recordings was generally a live interpretation on a platform from English into Spanish. ISOM makes no apology for this format because it enables us very rapidly to translate ISOM into languages that will bring ISOM teachings to remotest parts of the world. Over time, many English speaking nations asked for a version of ISOM that would remove the Spanish translation. This new version took a year to create and is called ISOM Express. A gentle wipe removes the live Spanish interpretation and cuts the length of the teaching session virtually in half. Other language groups have since followed suit, and ISOM now has express versions in **English, Mandarin, German, Portuguese, Japanese, Telugu, Spanish, Italian, Hebrew, and Hindi.**

TIME LENGTHS OF EACH ISOM SESSION

Each session of teaching throughout this catalog shows a length next to it. So session 6 from *Foundations of Faith* on the next page will look like this:

Express Version

6. Church Ordinances (26:10)

The length of 26 minutes is the Express Version with only the English in the recording. These recordings were originally done with a live interpreter. This original version we refer to as the Bilingual Version. Because most people taking ISOM in English use the Express Version, the time frame is MUCH shorter. As a rule, each Express session is **roughly half** as long as its Bilingual counterpart. We **show** the Express time lengths in this catalog. Those using the Bilingual Versions can calculate the approximate bilingual time lengths as we have done here:

Bilingual Version

6. Church Ordinances (51:44)

OPENING STATEMENT FROM EACH ISOM VIDEO SESSION

Christian Ministries from around the world have come together to create the International School of Ministry (ISOM)®. These teachings have been developed to help the Church in many nations, enabling Christian believers to understand their faith and become servants of Jesus Christ.

The goal of God for every Christian believer is to "grow up" and become like Christ. In the natural, we all know what a mature individual looks like. mature athlete, musician, artist, or physician is valued by society and often greatly rewarded with fame and financial resources. How much more should Christians seek that place where their gifts, callings, relationships, and skills are mature? This book is about the pursuit of maturity. It's about the journey, the defining moments, the mentors, and the milestones on the road to a life of success, meaning, purpose, and fruitfulness.

M9. Love Defined

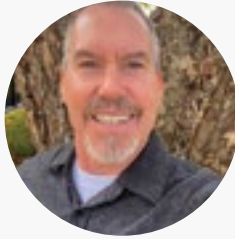

12 video sessions, 6+ hours

This course is a discipleship process rooted in 1 Corinthians 13. It is the critical and essential path for every leader and believer to know. All believers say they value love, however, when difficult things happen in their life, like unmet expectations, tragedy, or trauma, we have discovered that many do not know how to choose love. They choose other things in their pain and confusion. They choose fear, anger, worry, hate, control, blame, manipulation, and other fleshly weapons to fight their daily battles. The Bible commands us to no longer use these weapons but to use love.

The student will learn the specific applications of love as they discover how to practice patience and kindness, bears all things, believes all things, hopes all things, and endures all things. This leads them to God's promise of love never fails. There is a rhythm to this life of love - first, the student will learn to receive this transformational love in their own need, weakness, and failure; second, they will learn to give this same love away to others in their need, weakness, and failure. This is the Father's greatest will, that we learn to love one another as Christ has loved us.

Weyman Howard

Weyman Howard, along with his wife, Susan, are the co-founders of LoveDefined Ministry. This discipleship process was born out of the destruction of their marriage. In desperation, Weyman cried out to God for help when no one else could. And God met him faithfully. He invited Weyman to choose love even though it was painful and felt impossible. Choosing Love was also a clear choice to prefer God's will over his own will. This led to a path of transformation that was seen by Susan in their divorce process. Love broke through all the pain and failure and redeemed their marriage. Today they teach all believers the absolute necessity of learning how to walk in the wisdom and grace and transformational power of God's Love.

Susan Howard

Susan Howard, along with her husband, Weyman Howard, is the co-founder and leader of LoveDefined Ministry. She is the co-author of the workbook *InnerRevelation>OuterRevolution*, she speaks internationally and co-teaches with her husband, the transformative LoveDefined message. She has a heart for women to walk boldly into their true identities and purposes, seeing them set free to do the powerful work of God's Kingdom and she is passionate for the world to know the deep, life-changing truth of God's never-ending love.

BACK IN STOCK

Finally, back in stock, this is a must-read for any ISOM student wishing to learn more about effective evangelistic methodology. Dr. Berin Gilfillan first read *The Team Method of Church Planting* as a student at Fuller Theological Seminary and used it as a model to create the ISOM.

Most evangelical churches are active in soul-winning. Relatively few have ever dreamed of actually planting a new church as a viable method of soul-winning. Yet as we trace the evangelistic activities of the apostles in the Book of Acts, we see churches sprouting up wherever there was any significant success in evangelism.

The complete manual, prepared originally as the author's doctoral thesis, cites the practical basis of church planting and describes the local church as both a ministry training center and church-planting center. It also includes a section on practical considerations in church planting, seven appendices packed with useful information, and a thorough bibliography.

LEADER'S INTEGRITY

SESSION 1: Integrity of Heart

INTRODUCTION

There are different qualities that constitute a good leader. Some of us possess some of those traits and abilities, such as :

1. Special creative skills
2. Intellectual grasp
3. Managerial ability
4. Prophetic vision
5. Magnetic personality
6. Spiritual zeal
7. Supernatural gifts

None of us possesses all of those gifts. But almost always, when people look at great abilities for leaders, they look for things that can be seen. I want to talk about the things that cannot be seen, and no degree of skills or dynamics can substitute for these things.

I am regularly asked by leaders, "What is the secret to success in leadership ministry?"

The supposition is that the hours totaled in Scripture, and prayer may be the key. Of course, these are important, but I am persuaded that nothing exceeds the importance of cultivating a heart of integrity. A heart of integrity has to do with the heart from which prayers are spoken, and the Word of God is preached.

The most important thing for any leader is the matter of integrity of heart.

The text introduces us to an idea that recurs several times in the Old Testament.

LESSON OUTLINE

I. THE FOUNDATIONAL PRINCIPLE (GENESIS 20:1-6)

- A. Some scholars have called this principle: The Law of First Usage.
1. The first time an idea appears in the Bible, it unveils the way that idea applies throughout the whole of the Word.
 2. Here we come to integrity of heart as it is first mentioned in the Bible.
 3. This story (Genesis 20:1-6) introduces these ideas:
 - a. Honesty from the tongue
 - b. Truthfulness in the mind
 - c. Honesty with yourself
 - d. A heart that will not violate trust
 4. All of these undergird a leader that can be trusted.
 - Integrity of heart is the phrase that wraps all of them in one package.
 5. It is interesting that in this story, we are taught integrity in a setting where a man of faith has violated honesty.
 - a. But a pagan King responded with integrity.
 - b. The lesson here is clear.
 - c. I may not be a person of great revelation or insight, but I can still be a person of integrity if I respond to the things God does show me.
 6. God shows us things in various ways.
 - a. In His Word
 - b. By circumstance
 - c. By His Spirit dealing privately within us
 - d. He convicts us.
 - e. He corrects us.
- B. God's confrontation with Abimelech and his response (Genesis 20:3-5)
1. The first time in the Bible, integrity is mentioned as pertains to the heart, God is coming to speak to a man on the basis of what he doesn't understand.
 2. Integrity of heart has to do with two things.
 - a. There are always things I don't know or understand. God will help me in the face of those things I don't know or understand.
 - b. There are things I do understand. If I violate those things, God won't come and correct me for those things.

Sample Notes

- This is a frightening truth.
- C. The Lord's reply and the principle this reveals (Genesis 20:6)
1. God patiently understands when our ignorance produces innocent failure for lack of wisdom.
 2. God said, "The reason I'm here to stop you is because I know you are acting without knowledge or without compromise of your own understanding."
- D. Issue: The inverse/opposite of this is contained within this concept.
1. God holds us responsible to walk in the light of the understanding/revelation we have.
 2. Illustrations
 - a. Leader who was pursuing error
 - b. Another who was pursuing financial irresponsibility
 - c. Another who was pursuing an immoral relationship
 - d. Each one expressed something of a sense of divine tolerance or exception to his case. Why?
 3. Answer: When integrity has been violated from the outset, God will not intervene until judgment eventually accrues. God only warns, instructs, or corrects where His intervention is allowed by reason of the honest quest of the individual to walk in His way.
 4. The key is to respond immediately whenever the Lord deals with you, and you have not recognized what you were doing.
 5. This story makes it dramatically clear that there is possibly no more essential trait or value to be sought and maintained in a leader's life than integrity of heart.

II. A DYNAMIC WORD (PSALM 25:20-21)

- A. A word study on integrity unfolds ideas which can help us recognize how integrity is to be maintained.
- B. Old Testament *thom*: the idea of wholeness or completeness
1. Illustration: In mathematics, we speak of whole numbers as contrasted with fractions.
 2. Integrity of heart describes that attitude of heart that disallows the slicing away of full honesty with God or with oneself through supposedly minor deviations.
 - a. This is done through rationalizing: providing an excuse to myself for compromise.
 - b. This is also done through self-justification: arguing that my case is an exception and that "God doesn't take seriously (He accepts) my

compromise."

- C. Practical examples
1. Engaged in a conversation: a violation of full honesty
 - "Ping"
 2. Inner correction of the Holy Spirit: "grieve not" (Ephesians 4:30)
 3. Ephesians 4:17-32
 - a. Full range of verbal purity, attitudinal constancy, refusal to flavor the truth, refusal of sexual indulgences of any kind, refusal to give place to anger or unforgiveness
 - b. Neither gives place to the devil (Ephesians 4:27)

III. DYNAMIC OBEDIENCE TO PRINCIPLE

- A. David, a man after God's heart (of integrity)
1. David's words: "Teach me Your way, O Lord. I will walk in Your truth; unite my heart to fear Your Name" (Psalm 86:11).
 2. Two steps:
 - a. I will be teachable.
 - b. I will commit to walk in what You show.
 - c. Result: "Thus, Lord, You can keep my heart in one piece."
 3. "Keep my soul, and deliver me; let me not be ashamed (embarrassed) for I put my trust in You. Let integrity and uprightness preserve me, for I wait on You (listen for your voice)" (Psalm 25:20-21).
- B. Under David's leadership, the boundaries of Israel were extended to their widest limits.
1. Incapable of patrolling its boundaries, the question arises, "How can I preserve my kingdom?"
 2. He makes the above prayer (Psalm 25:20-21): "You, Lord must preserve me."

IV. TRAGEDY FOLLOWING DISOBEDIENCE TO PRINCIPLE

- A. Remember Solomon's original prayer.
1. "Therefore, Lord God of Israel, now keep what You promised Your servant David my father" (1 Kings 8:25).
 2. God's response (1 Kings 9:3-5): "I have heard your prayer . . . I have consecrated this house which you have built to put My name there forever, and My eyes and My heart will be there perpetually. Now, if you walk before Me as your father David walked, in integrity of heart and uprightness . . . then I will establish your throne . . ."
- B. There was a stark contrast between Solomon's and David's pathway to solving the problem of defending boundaries.
1. Solomon's choice was diplomatic solutions: alliances.
 2. With each treaty came a new princess to seal the

Sample Notes

political bond.

- Jerusalem became filled with the idols brought by these treaties that were designed to assure personal and professional security.
3. Concept: All of us are house builders.
 - We are building families, congregations, ministries.
 4. The key to a home, a church, or a ministry that lasts (that God will perpetuate) is wrapped up in our will to sustain a heart of integrity perpetually.

V. THE PATHWAY TO OBEDIENCE

- A. The plural form of integrity (*thom*): *Thummim*
 - God has given a picture of our maintaining a heart of integrity.
- B. The high priest's breastplate: *Urim* and *Thummim*.
 1. No one knows exactly what that was made of, but we know how and when the *Urim* and *Thummim* were consulted.
 2. Exodus 28:30a: "And you shall put in the breastplate of judgment (decision-making unto a divinely guided verdict), the *Urim* and the *Thummim*, and they shall be over Aaron's heart."
 3. Example: Quest for a pure priesthood: "Wait until a high priest stands up with the *Urim* and the *Thummim*" (Nehemiah 7:65; Ezra 2:63).
- C. How it was done
 1. Rabbinical literature suggests an answer.
 2. They would go up before the veil and say, "God, show us what Israel shall do."

CONCLUSION

Whatever the case, a clear picture is given us of the importance of a leader's maintenance of a heart of integrity.

If we let that *Thummim* of the heart abide faithfully, we will walk in obedience. Kingdom boundaries can be extended, ministries become effective, boundaries are preserved with blessings, and ministries stand strong through the integrity of the heart.

GROUP DISCUSSION

1. Discuss various qualities that we look for in determining a good leader in the ministry.
2. How do these good qualities relate to integrity of heart?
3. How can we respond with integrity when we are confronted with the following two instances?
 - a. Facing things we don't know or understand
 - b. Violating those things we do know and understand
4. Pray for one another, as well as the Christian leaders in your country, that the Holy Spirit would guard your hearts with integrity.

SELF-STUDY

1. What lessons can you learn from the first occurrence of the phrase "integrity of heart" in the Bible?
2. What ideas does the phrase "integrity of heart" convey?
3. How does God reveal His will to us?
4. What does God expect from you as He reveals His will to you?
 - a. Explain how this is illustrated in David's life (Psalm 25:20-21)
 - b. Explain how this is illustrated in the high priest's breastplate (Exodus 28:30; Nehemiah 7:65; Ezra 2:63)
